To whom it may concern.

Sub: _____ recommendation letter.

I am writing this letter to recommend my student – _____ – who has made application to attend your school next year.

I have known her/him as one of my students for _____ years and it is a great pleasure having her/him in our Liceo.

_____ is one of the most remarkable students we have had the honour to have with us. She/he is very disciplined and focused in her/his studies. Her/his ability to work efficiently even under very stressful conditions, especially when we had lockdown and were forced to do distance learning, is one of the things I admire about her/him. She/he never lost her/his commitment and was able to reach her/his aims and get excellent results. She/he has been not only an outstanding speaker but has shown interest in various co-curricular activities.

Aside from devoting herself/himself to study, she/he is also very kind and warm toward her/his mates and her/his teachers. She/he has successfully engaged in peer mentoring projects. She/he is very assertive and resilient; she/he is always willing to work in team and is patient and generous.

I spoke at length with _____'s teachers who have known her/him for two years as well and we are unanimous in affirming that she/he would be an invaluable addition to your school institution.

Being her/his school principal, I proudly recommend her/him as a perfect selection for you at your school.

Yours sincerely,

La Dirigente

Prof.ssa Assunta BARBIERI
